Before bringing home a bunny, learn more.

Lasts 10 minutes.

Lasts 10 years.

**This Easter, how much commitment
are you looking for?**

- Rabbits are as much work as dogs.
- Rabbits are not passive and cuddly. They may scratch or bite out of fear.
- Rabbits are social animals. They need safe, human interaction daily and an indoor home, not an outdoor hutch.
- Rabbits need specialized veterinary care and a proper diet.
